## ► Significant features and benefits

### Unlimited in-patient, day-patient & out-patient treatment

Including private ambulance, home nursing and manipulative treatment (physiotherapy, osteopathy, podiatry and chiropractic treatment). 

### Unlimited cancer cover

You are covered for all stages of cancer including palliative and terminal treatment. We do not place a time or financial limit on your cancer cover. 

### Membership benefits

As a member of The Exeter, you have access to membership benefits that offer you additional care and support. For more details, take a look at the [‘Membership benefits’](#) leaflet or visit [www.the-exeter.com](http://www.the-exeter.com) 

### NHS Cash Benefit

If you have free in-patient treatment with the NHS, we will pay you £250 per night for each night that you spend in hospital for eligible treatment that would be covered under your policy. This is subject to the deduction of the excess on your policy. 

### National Institute for Health and Care Excellence (NICE)

Any treatment or drug that is approved by NICE for clinical effectiveness is eligible for cover, regardless of whether it has been rejected for NHS use on cost-effectiveness grounds. If any treatment or drug therapy is not clinically approved by NICE, it is not covered by Health Cover for Me. 

### Lifestyle discounts

You can reduce your monthly premium if you have a healthy BMI (18 - 25, calculated according to your height and weight) or if you have been a non smoker for at least 12 months. 

### Excesses

Health Cover for Me includes a compulsory excess of £100 per person, per year. You can choose to add a voluntary excess to your compulsory excess to reduce your premiums. Your voluntary excess options are £0, £100, £250, £500 and £1,000. 

### Premiums

Your premiums are based on your age at each policy anniversary, which along with other factors such as medical inflation will tend to increase your premium each year. 

### You choose how you apply

Depending upon your circumstances we offer switch, moratorium and full medical underwriting application options. The option you choose will affect your initial premium - we recommend you talk to your financial adviser and decide what’s right for you. 

More details can be found in our [‘Guide to Private Medical Insurance’](#) brochure.

## ► Significant limitations and exclusions

### Pre-existing conditions

Depending on the application option you choose, pre-existing conditions will either be excluded from cover for the duration of your policy or for the 'moratorium' period of your policy.

### Emergency treatment

Emergency treatment is dealt with by the NHS and you are not covered until your consultant has decided you can transfer to private facilities and you have authorisation from us.

### Ongoing or long term conditions (chronic)

If we believe that the condition for which you need treatment is chronic, we will pay for the initial investigations leading to a diagnosis and the treatment needed to stabilise the condition for a maximum of 3 months. Please note that we do not consider cancer to be a chronic condition.

### Age

The age at which you can apply depends on the application option you choose. If you apply using the full medical underwriting or standard moratorium option, you can join as a main applicant between the ages of 18 and 79. For switch underwriting you must be between 18 and 70 and for fixed moratorium underwriting you must be between 18 and 65. Once you are a member there is no age limit.

More details can be found in our ['Guide to Private Medical Insurance'](#) brochure.

### UK only

You must be a UK resident to apply and only treatment in the UK will be covered.
