

HEALTH

A great choice
of health insurance.

Whether you choose our traditional or guided health insurance you're making a great choice.

Both offer the same exceptional core cover, but we want you to be clear about the difference, so here's what you need to know.

You matter more.

HEALTH⁺ *Traditional*

Ideal if your priority is choice and flexibility.

With our traditional option you can choose from three hospital lists when you take out the policy.

If you claim, your GP can refer you to any named specialist that can be accessed on your chosen list.

Choose from three hospital lists

Choose from three hospital lists, with the list with the most hospitals being the most expensive.

Your choice of specialist

Accept the recommendation of your GP or conduct your own research to identify a specialist.

Exceptional core cover

Our core cover comes with a range of additional benefits to enhance your cover further.

HEALTH⁺ *Guided*

Perfect if your priority is lower premiums.

With our guided option, you don't choose a hospital list when you take out the policy.

However, if you claim your GP makes an open referral to a type of specialist and we recommend a shortlist of specialists for you to choose from.

Lower premiums

We pre-negotiate fees with our pool of consultants so we can keep premiums lower.

Shortlist of specialists

We always recommend specialists based on your diagnostic and treatment needs.

At The Exeter we're a friendly society, so we're run differently from other insurers. As a friendly society, we don't pander to shareholders because we don't have any. So, we're able to put 100% of our time and effort focusing on the things that really matter to our customers: Here's how:

01

We put people before profit

As a mutual we don't pay dividends so we're free to spend our profits on the things that matter to our members, such as the quality of our policies and customer service.

02

We're here to pay claims

We've been insuring people since 1927 and today, with over 100,000 members, we're still growing strong. Why? Because nothing is more important to us than paying claims.

03

We're always right on the money

We regularly benchmark all our products against the market, checking our benefits and our price. So, you are guaranteed to get quality cover at a fair price.

04

We do more to cover more people

We don't have a 'preferred type' of customer. We consider every application on its merits – so we'll often say yes, when other insurers might say no.

05

We take care of you personally

We have plenty of real people on-hand to answer calls. And if you ever claim, you'll receive a dedicated claims handler to take care of your case personally.

06

We provide much more than a policy

Every policyholder gets free access to Remote GPs, as well as physical and mental health support via our members app HeathWise. And the services are available without claiming on your policy and using it won't ever affect your premiums.
