

► Save for a sunny day

We've all heard of saving for rainy days, but let's face it a rainy day is the last thing we would want to spend our hard-earned savings on.

What we really dream of is jetting off to white sands and blue seas, or treating ourselves to a shiny new car, but would these plans have to be pushed to one side if you were unable to work due to illness or injury? Your income would dry up, and your savings wouldn't be far behind.

That's where income protection comes in. Simply, it can pay your bills and more if you're too ill to work; so you can protect your savings and keep your 'sunny day' dreams alive.
